RF Microneedling/ PRP Microneedling

Advanced skincare technology *combining microneedling with (RF) radiofrequency* to provide a dramatic skin improvement in just a few sessions. Suitable for skin tightening, improving acne, improving sun damage/pigmentation, reduce acne scarring. 1-3 Sessions Recommended.

PRP microneedling is a skin rejuvenation treatment that combines microneedling with platelet-rich plasma (PRP) therapy. During the procedure, tiny needles create micro-injuries in the skin, stimulating collagen production. At the same time, PRP, derived from the patient's own blood, is applied to the skin to promote healing and enhance the effects of microneedling. This treatment has many benefits including to help improve skin texture, reduce wrinkles, and treat scarring.

10% DISCOUNT IF YOU PURCHASE 3 OR MORE SESSIONS UPFRONT.
INTEREST FREE PAYMENT PLANS AVAILABLE.

SHR/DIODE Laser hair removal

Super hair removal (SHR) uses low energy light via rapid pulses to target hair stem cells and prevent regrowth.

Diode Laser is currently the most effective laser for hair removal on the market. It works on 3 different wavelenghts to destroy hair follicles and is safe to use on all skin types.

Pico Laser /Tattoo Removal /Carbon Facial

Newest technology laser that works by delivering ultra short bursts of energy to the skin that dramatically breaks down pigmentation, scarring, wrinkles and tattoo pigment with minimal damage and heat. Because of the low heat and very short bursts of energy, the pico laser is much safer to use and more effective than most lasers.

3-4 Sessions Recommended.

10% DISCOUNT IF YOU PURCHASE 3 OR MORE SESSIONS UPFRONT.
